

THE NEXT GENERATION IN SHADING

COMMERCIAL GRADE SHADING SYSTEM

Every Total Eclipse is custom made and professionally installed to match your individual requirements. Total Eclipse is the only system on the market that offers up to 16'6" projection providing unparalleled strength, durability & security. So whether you add one to your outdoor dining area or to your home, feel confident that you have selected the finest shading system!

SELF STORING WHEN NOT IN USE

The beauty of today's Eclipse retractable awnings is their self-storing nature. With a simple press of a button, or a command on your smart phone, the shading system fully retracts and stops automatically, and (if so equipped) will be self stored under the protective hood.

PRODUCT FEATURES

SIZES AVAILABLE

The Total Eclipse shading system is custom made to fit your unique space. With widths up to 40' wide and three projections up to 16'6", we've got you covered!

The Total Eclipse components meet stringent ISO 9001 and TUV standards and are assembled in the USA by skilled craftspeople.

TORSION BAR CONSTRUCTION OPTIONS

The Total Eclipse comes standard with a heavy duty, 50mm x 50mm, galvanized steel torsion bar that is powder coated to match the framework of the awning. For coastline applications, we offer an optional 8mm thick walled aluminum torsion bar.

ADVANCED BELT TECHNOLOGY

The Eclipse exclusive tension transmission system, which incorporates our ABT, has been tested and proven for almost 2 decades on performance. This design does not stretch or breakdown over time, keeping your fabric taut for years to come.

| | |
|-------|---------------|
| ABT | 60,000 Cycles |
| CHAIN | 8,000 Cycles |
| CABLE | 5,000 Cycles |

Tension Transmission System

MOUNTING

Wall, ceiling or roof mounting available to meet your needs.

MOTORIZED

For easy operation of your shading system. Your unit comes standard with an override feature which allows for manual operation if you lose power.

RETRACTABLE SHADING SYSTEMS

THE TOTAL Eclipse

UNIQUELY DESIGNED TO MEET YOUR NEEDS

WHEN YOU JUST WANT TO GO BIG

Every Total Eclipse is custom made and professionally installed to match your individual requirements. Total Eclipse components are up to 50% larger than our standard Eclipse awning model. The Total Eclipse, with projections up to 16'6", provides unparalleled strength, safety and security and can easily withstand changing weather conditions. When only the best will do, look no further than the Total Eclipse!

MOTORIZED FOR EASY USE

Your Total Eclipse features a strong and rugged UL listed motor from Somfy, the world leader in home automation. You can operate your shading system with a wireless wall switch, a hand held remote, a smart device... or from all of these! To further increase the effectiveness of your Total Eclipse, we offer automatic sun and motion sensors - ask your dealer for more details.

Roof Mount

Open Roller

ADVANCED BELT TECHNOLOGY

While other systems have exposed cables or chains, Total Eclipse A.B.T. consists of 11 individually wound cables encased in a poly carbon, UV resistant PVC coating. Each belt is individually tested to 3,300 pounds at 60,000 cycles which guarantees you a long, worry-free life for your Total Eclipse shading system

MOUNTS ON VIRTUALLY ANY SURFACE

The Total Eclipse can be professionally installed on a roof, under a soffit or on any flat surface. Based on your needs, your unit can be ordered three ways:

- With a fully exposed rolled up fabric referred to as an "Open Roller" - typically for under soffit mounting
- With a protective hood for wall mounting with no overhead protection
- When additional clearance is required, we recommend the protective hood in combination with our strong and sturdy roof mount brackets

PRODUCT OPTIONS

DROP SHADE

Add even more solar protection while increasing your privacy with the Eclipse Drop Shade. This option features a mesh sun screen fabric that extends down from the front bar over the width of the awning. The Drop Shade is self storing and can be motorized or manually operated. This option is available for all projections, on units up to 22' wide.

LUNAR LIGHTING

Add a unique element to your evening entertaining with exterior rated, soft glow Eclipse Lunar Lighting. Mounted to the underside of your awning, you can control the lighting system with the touch of a button. These UL listed lights are safe for outdoor use and are designed to not attract bugs.

ELECTRONIC ACCESSORIES

Our world class wireless components make operating your shading system effortless.

- **Wind/Motion Sensor:** This accelerometer sensor attached to the awning's framework will retract the unit if it gets too windy - adding a level of safety and security.
- **Sun Sensor:** This sensor, typically mounted to an exterior wall, will automatically extend the awning once the preset sun level is attained, and will automatically retract your shading system when the sun passes.
- **My Link:** Do you like to control things with your smart device? Add a My Link radio controller and download a simple App allowing you to control your shading system from anywhere!

POWDER COATED, ALUMINUM PROTECTIVE HOOD

Protect your fabric from the elements all year long with a protective hood. This option, in matching awning frame hardware color, will also help extend the life of the motor. The protective hood is available up to 40' wide and includes matching side covers for added protection.

HARDWARE TO MATCH YOUR DÉCOR

Eclipse offers four architecturally pleasing colors to either match or accentuate your home. Our pretreated powder coated finishes are second to none in durability and appearance.

FROM SERENE TO STUNNING, WE HAVE THE FABRIC FOR YOU

Eclipse offers over 150 long lasting, 100% acrylic fabrics from which to choose. Our covers are computer cut and sewn to create a superior fitted awning. We use the finest Tenera thread allowing us to offer you a 10 year warranty on the complete fabric cover.

PLATINUM PROTECTION PLUS - AN ADDED LEVEL OF SECURITY

Looking for a lifetime warranty on your complete shading system - from frame to fabric, motor and electronics? Then the Platinum Protection Plus is for you. Ask your dealer for complete details.
